

AP3000 II

AP3000 II

Have you ever thought about what's really polluting your home environment? Little ones bring home all those nasty things they touch and spread them everywhere. Garbage cans are dirty. The smell of leftover spicy food can linger for days. And who knows what surprises our pets bring in with them. Now imagine eliminating that pollution at the source. We're not talking about spraying a cloud of flower-fragranced chemicals. Our solution is as easy as pushing a button to keep things cleaner and safer to touch, not to mention smelling fresher. The AP3000 II is a revolutionary air purifier that does so much more than clean the air. Using the same science as Mother Nature, AP3000 II destroys odors, eliminates smoke and reduces contaminants ordinary cleaning can leave behind.

HOW IT WORKS

So how does the AP3000 II clean and freshen the air? In short, it is technology based on how nature keeps things safe and clean outdoors. The natural processes found in thunderstorms, sunlight, and lightening are re-created indoors. Negatively charged ions remove pollutants from the air. ActivePure® Technology duplicates nature to safely reduce contaminants on surfaces.

SPECIFICATIONS:

MODEL: A1011A

Electrical	100-240 VAC, 50/60 Hz 48 Watts Negative Ion Generation
Dimensions	12" high x 9" wide x 12" deep
Weight	10.2 lbs.
Coverage	Covers a range of 250 sq. ft. (23 m ²) to 3000 sq. ft. (279 m ²)** ** Depends on variables such as severity and frequency of pollution, humidity, and temperature
Warranty	Three (3) year limited warranty

Meets California ozone emissions limit. CARB Certified.

BENEFITS

- Reduces airborne contaminants for a healthier environment
- Customizable to your environment, using the included remote control
- Freshens air and removes odors in otherwise stale-prone environments
- Removes dirt and dust from the air to make cleaning easier
- Provides completely Ozone-Free air purification technology while giving you the benefits of our exclusive ActivePure™ Certified Space Technology
- AP3000 II is like 24/7 healthy home insurance. It is the total protection package for whole-home environmental conditioning. AP3000 II is always working – sending out an active army of safe and natural ions to make your home safer and healthier.

Before AP3000 II

After 8 hours with AP3000 II technology

Before and after laboratory tests showing reductions of airborne contaminants with the AP3000 II.

Based on preliminary test results. Field results may vary. Results do not constitute scientific substantiation.
