

AERUS

# Air You Can Trust™

## THE TECHNOLOGY

Help maintain a healthy home with the Aerus Guardian Angel, a portable air purifier with five (5) stages of filtration to help reduce common irritants and contaminants from the air. Designed for superior performance and durability, the Guardian Angel keeps your home clean and healthy.

## THE BENEFITS

- UV light combines with titanium dioxide to remove contaminants through PCO
- HEPA Filtration reduces common airborne irritants and contaminants
- Activated Carbon reduces odors without ozone
- Portable, no installation required
- Quiet operation, longer life and highly efficient
- Safer and more reliable
- Perfect for students, apartments, smaller homes or offices

## FEATURES

- 5-stage Advanced Filtration
  1. Sealed HEPA Filtration
  2. Carbon Layer with $TiO_2$ Coating
  3. Washable Pre-filter (includes 3 color options)
  4. UV LED Light
  5. Negative Ionization
- 3-Speed Control Knob
- Safety Switch to Fan
- Secondary UV Safety Interlock Switch
- All Metal Construction
- Dry Aromatherapy Capability
- Covers Up To 1,000 sq. ft.

## SPECIFICATIONS

| | |
|---|---|
| **Product Information** | 00815; Model: F185A |
| **Environmental Certifications** | **Meets California ozone emissions limit: CARB certified**<br>**Validated to UL 2998** |
| **Technology Included** | Sealed HEPA Filter with Carbon Layer<br>PCO (Photocatalytic Oxidation) Technology<br>Negative Ionization |
| **Electrical** | Input Voltage: 120 VAC, 60 Hz, 28 Watts<br>Power: Low 16 Watts, High 28 Watts |
| **Mechanical** | Motor/Fan: Designed for continuous operation<br>ETL approved |
| **Air Exchange** (based on 140 CFM) | 108 sq. ft. at 9.7 ACH<br>(air changes per hour)<br>325 sq. ft. at 3.2 ACH<br>1,000 sq. ft. at 1.1 ACH |
| **Sound Level** | Low Speed: ≤26 dB(A);<br>Medium Speed: ≤44 dB(A);<br>High Speed: ≤53 dB(A) |
| **Weight & Dimensions** | 10.1 lbs (4.6 kg)<br>19.5" H x 10.1 " W x 10.1" D<br>(49.5 cm x 25.7 cm x 25.7 cm) |
| **Coverage** | Up to 1,000 sq. ft. (93 $m^2$), with uniform air diffusion[1] |
| **Warranty** | Limited 5 year warranty<br>Terms and conditions may apply |

1. Recommended ceiling height is 8 ft, not to exceed 10 ft. Solutions should be customized based upon a variety of factors including HVAC system capabilities and settings, air flows taking into account walls, air pressure, and doors, ambient air temperatures and humidities, variable occupant density, known VOC concentrations,and other layers of protection.
