

Air You Can Trust™

Features ActivePure® Technology, proven to reduce up to 99.9% of many common types of bacteria, viruses, and mold¹

THE TECHNOLOGY

The Pet ReFresh utilizes ActivePure Technology and is perfect for anyone dealing with odor issues caused by animal bedding or litter boxes, plugging into the wall directly over the offending item. Patented ActivePure Technology is an advanced air purification technology. It has been proven to reduce up to 99.9% of many common types of airborne contaminants in indoor spaces (list of tested pathogens can be found in "The Proof" section below).

ActivePure Technology does not replace the need to follow public health guidelines and should be used as complementary technology.

THE PROOF

In extensive unaffiliated lab testing, ActivePure® Technology has been proven to significantly reduce numerous contaminants and pathogens, including the following¹:

- *Aspergillus niger* endospores
- *Aspergillus versicolor*
